

Google Data Center Community Open House

Google invites you to a public, informational Community Open House to learn more about our proposed data center project in Hermantown.

As we continue the planning and evaluation process, we want to ensure that you - our neighbors - have a seat at the table. During our Open House, we intend to provide transparency around the project and offer you a direct line of communication with project leaders, engineers, energy and environmental experts.

We hope to see you there.

Hosted by
Google

5:30 - 7:30 pm
June 24, 2026

Aad Shrine Meeting & Event Center
5152 Miller Trunk Hwy
Hermantown, MN 55811

Light Refreshments will be provided
Paid for by Jobs For Minnesotans

What to Expect

This is a "drop-in" style event where you can visit various informational stations at your own pace. You will have the opportunity to learn about and ask questions regarding:

- ✦ **Energy & Affordability:** Our plan to add clean energy and pay 100% of our costs.
- ✦ **Environmental Stewardship:** Our early plans for water protection, stormwater management, and air quality.
- ✦ **Local Infrastructure:** Preliminary assessments of traffic and site infrastructure.
- ✦ **Community Impact:** The potential for long-term economic growth and workforce development in the region.
